

Paediatric Anaesthesiology

Learning track 05

Saturday, June 4, 2022

RC

Refresher Course

05RC1 Anaesthesia for idiopathic hypertrophic pyloric myotomy

15:15 – 16:00

Chair: Markus Florian Stevens (Amsterdam, Netherlands)

Anaesthesia for idiopathic hypertrophic pyloric myotomy

Speaker: Nicola Disma (Genova, Italy)

Discussion

L

Lecture

05L1 Vaccination or paediatric airway infections before elective paediatric surgery – How much time is enough?

16:30 – 17:15

Chair: Markus Florian Stevens (Amsterdam, Netherlands)

Vaccination or paediatric airway infections before elective paediatric surgery – How much time is enough?

Speaker: Ethan Sanford (Dallas, United States)

Discussion

Sunday, June 5, 2022

S

Symposium

05S1 Non-pharmacological methods for anxiolysis and analgesia in children

09:30 – 10:30

Chair: Markus Florian Stevens (Amsterdam, Netherlands)

Personalised preop medicine

Speaker: Daniel Stocki (Tel Aviv, Israel)

Distraction techniques

Speaker: Johan Berghmans (Hasselt, Belgium)

Words for comfort

Speaker: Elvira Lang (Boston, United States)

Digital aids (handheld, VR ...)

Speaker: Johan Berghmans (Hasselt, Belgium)

Discussion

S

Symposium

05S2 Enhancing research in paediatrics

Session organised by the ESAIC Research Committee

11:00 – 12:00

Chair: Alexander Zarbock (Münster, Germany)

Paediatric registries: lessons from the PEDI-C

Speaker: Karin Becke (Nürnberg, Germany)

Artificial intelligence and machine learning: how can they help paediatric research

Speaker: Mohamed Rehman (Florida, United States)

Are large RCTs needed for implementing knowledge in paediatric anaesthesia

Speaker: Nicola Disma (Genova, Italy)

Discussion

C

10 Minutes to Convince...

05C1 The best way to learn paediatric anaesthesia during a fellowship

17:00 – 18:00

Chair: Maren Kleine-Brueggeney (London, United Kingdom)

The British way

Speaker: Mary Lane (Brompton, United Kingdom)

The Dutch way

Speaker: Markus Florian Stevens (Amsterdam, Netherlands)

The American way

Speaker: Mark Newton (Nashville, United States)

The Scandinavian way

Speaker: Tom Giedsing Hansen (Odense, Denmark)

Discussion

Monday, June 6, 2022

L

Lecture

05L2 Artificial Intelligence (AI) and its application in paediatric medicine

09:45 – 10:30

Chair: Nicola Disma (Genova, Italy)

Artificial Intelligence (AI) and its application in paediatric medicine

Speaker: Hannah Lonsdale (Sheffield, United Kingdom)

Discussion

ME

Meet-the-Expert

05ME1 Risks of paediatric anaesthesia

15:30 – 16:15

Chair: Karin Becke (Nürnberg, Germany)

Risks of paediatric anaesthesia

Speaker: Markus Florian Stevens (Amsterdam, Netherlands)

Discussion
