

General Anaesthesiology

Learning track 01

Saturday, June 4, 2022

D

Pro-Con Debate

01D1 What is balanced about "balanced anaesthesia"? This house believes that anaesthetists should move towards intravenous anaesthesia. Pro-Con

11:00 – 12:00

Chair: Daniela Ionescu (Cluj Napoca, Romania)

Pro

Speaker: Antony Absalom (Groningen, Netherlands)

Con

Speaker: David Bogod (Nottingham, United Kingdom)

Discussion

S

Symposium

01S1 The obese patient outside the theatre suite: issues in...

Session organised by the European Society for Perioperative Care for the Obese Patient (ESPCOP)

11:00 – 12:00

Chair: Luc De Baerdemaeker (Gent, Belgium)

... the ICU

Speaker: Daniela Godoroja (Bucharest, Romania)

... the endoscopy suite

Speaker: Tomasz Gaszynski (Lodz, Poland)

... the pre-hospital setting

Speaker: Jan Mulier (Brugge, Belgium)

... the labour ward: intra-partum analgesia

Speaker: Alexandra Schyns-Van Den Berg (Dordrecht, Netherlands)

Discussion

ME

Meet-the-Expert

01ME1 Closed-loop haemodynamic management

14:00 – 14:45

Chair: Bernd Saugel (Hamburg, Germany)

Closed-loop haemodynamic management

Speaker: Alexandre Joosten (Villejuif, France)

Discussion

LT

Lightning Talk

01LT1 Patient Blood Management (PBM)

14:00 – 15:00

Chair: Daniela Filipescu (Bucharest, Romania)
Chair: Kai Zacharowski (Frankfurt, Germany)

Simple principles of PBM

Speaker: Kai Zacharowski (Frankfurt, Germany)

Anaemia management

Speaker: Vojislava Neskovic (Belgrade, Serbia)

Education of medical students regarding PBM

Speaker: Tamara Skrisovska (Brno, Czech Republic)

PBM in Romania

Speaker: Daniela Filipescu (Bucharest, Romania)

Optimal RBC transfusion strategy

Speaker: Ecaterina Scarlatescu (Bucharest, Romania)

Discussion

S

Symposium

01S2 Monitoring nociception during general anaesthesia - How far did we get?

17:30 – 18:30

Chair: Vincent Bonhomme (Liege, Belgium)

Monitoring nociception

Speaker: Albert Dahan (Leiden, Netherlands)

Physiological signal processing for anti-nociception management

Speaker: Vincent Bonhomme (Liege, Belgium)

Implications of nociception monitoring on opioid consumption

Speaker: Fleur Meijer (Leiden, Netherlands)

Discussion

Sunday, June 5, 2022

LT

Lightning Talk

01LT2 Why are MH persons so "attractive"?

Session organised by the European Malignant Hyperthermia Group (EMHG)

08:15 – 09:15

EMHG

Chair: Philip Hopkins (Leeds, United Kingdom)

MH persons are "hot"

Speaker: Anna Hellblom (Lund, Sweden)

MH persons are "strong and weak"

Speaker: Martina Klincová (Brno, Czech Republic)

MH persons are "inconspicuous and mysterious"

Speaker: Thierry Girard (Basel, Switzerland)

MH persons are "unique"

Henrik Rueffert (Leipzig, Germany)

MH specialists "love the thrill"

Speaker: Philip Hopkins (Leeds, United Kingdom)

Discussion

RCt

Refresher Course
for Trainees

01RCt1 Emergencies in the operating theatre - Tachyarrhythmias

08:15 – 09:00

Chair: Ilona Bobek (Budapest, Hungary)

Emergencies in the operating theatre - Tachyarrhythmias

Speaker: Mona Momeni (Brussels, Belgium)

Discussion

D

Pro-Con Debate

01D2 Should the use of inhaled anaesthetics be terminated? Pro-con

11:00 – 12:00

Chair: Maria Wittmann (Bonn, Germany)

The use of inhaled anaesthetics should be stopped!

Speaker: Samantha Shinde (Bristol, United Kingdom)

We need inhaled anaesthetics!

Speaker: Se-Chan Kim (Bonn, Germany)

Discussion

S

Symposium

01S3 Does anaesthetic drug selection matters to protect our patients during surgery?

14:00 – 15:00

Chair: Michel MRF Struys (Groningen, Netherlands)

Anaesthetics drugs and organ protection

Speaker: Beatrice Beck Schimmer (Zurich, Switzerland)

Anaesthetic drugs and inflammation

Speaker: Gertrude Nieuwenhuijs-Moeke (Groningen, Netherlands)

Anaesthetics drugs and the onset of cancer

Speaker: Donal J. Buggy (Dublin, Ireland)

Discussion

ME

Meet-the-expert

01ME2 Drug repurposing – How far did we get?

17:00 – 17:45

Chair: Daniela Ionescu (Cluj Napoca, Romania)

Drug repurposing – How far did we get?

Speaker: Pan Pantziarka (Brussels, Belgium)

Discussion

LT

Lightning Talk

01LT3 New drugs for anaesthesia: lots of new on the horizon?

17:00 – 18:00

Chair: Michel MRF Struys (Groningen, Netherlands)

Dexmedetomidine renewed

Speaker: Laura Hannivoort (Groningen, Netherlands)

Remimazolam

Speaker: Joerg Fechner (Erlangen, Germany)

New analgesics for perioperative medicine

Speaker: David Lambert (Leicester, United Kingdom)

New etomidate analogues

Speaker: Beatrijs Valk (Groningen, Netherlands)

New propofol analogues

Speaker: Ann Rigby-Jones (Plymouth, United Kingdom)

Discussion

Monday, June 6, 2022

RcT

Refresher Course
for Trainees

01RcT2 Emergencies in the operating theatre - Acute hypotension

08:30 – 09:15

Chair: Bernard Cholley (Paris, France)

Emergencies in the operating theatre - Acute hypotension

Speaker: Frédéric Michard (Denens, Switzerland)

Discussion

P

Panel Discussion

01P1 Anesthesiology guidelines and current practices: a United States perspective on global concepts

Session organised by the New York State Society of Anesthesiologists (NYSSA)

08:30 – 09:30

Chair: Linda Shore-Lesserson (Manhasset, United States)

Ethical dilemmas faced by the anesthesiologist

Speaker: Christopher Campese (Glen Cove, United States)

Anesthesia for joint surgery makes a difference

Speaker: Meg Rosenblatt (New York, United States)

Updates in Patient Blood Management (PBM)

Speaker: Linda Shore-Lesserson (Manhasset, United States)

Discussion

C

10 Minutes to Convince...

01C1 Intraoperative monitoring: We need to...

09:30 – 10:30

Chair: Michelle Chew (Linköping, Sweden)

...perform cerebral oximetry.

Speaker: Thomas Scheeren (Groningen, Netherlands)

...look at the microcirculation.

Speaker: Jacques Duranteau (Le Kremlin-Bicêtre, France)

...optimise cardiac output.

Speaker: Bernd Saugel (Hamburg, Germany)

...predict hypotension.

Speaker: Denise Veelo (Amsterdam, Netherlands)

Discussion

ME

Meet-the-Expert

01ME3 Machines for drug delivery: change will happen, resistance is futile

09:30 – 10:30

Chair: Tony Gin (Hong Kong, China)

Machines for drug delivery: change will happen, resistance is futile

Speaker: Michel MRF Struys (Groningen, Netherlands)

Discussion

L

Lecture

01L1 Hot Topics in General Anaesthesiology - Last 12 months' top publications

11:00 – 11:45

Chair: Dan Longrois (Paris, France)

Hot Topics in General Anaesthesiology - Last 12 months' top publications

Speaker: Charles Marc Samama (Paris, France)

Discussion

S

Symposium

01S5 Anaesthetic pharmacology for the special populations

15:30 – 16:30

Chair: Laura Hannivoort (Groningen, Netherlands)

Rational drug selection and titration in neonates and small children: pharmacological considerations

Speaker: J.C. De Graaff (Rotterdam, Netherlands)

The morbidity obese patient: pharmacological considerations

Speaker: Luc De Baerdemaeker (Gent, Belgium)

Anaesthetic drugs and the breastfeeding mother: does it matter?

Speaker: Joellene Mitchell (Ayr, United Kingdom)

Discussion
