

Critical Emergency Medicine – Trauma and Resuscitation

Learning track 10

Saturday, June 4, 2022

AE

Ask-the-Expert

10AE1 Ask the expert about post-resuscitation outcome predictors in paediatric patients

15:15 – 16:00

Chair: Bernd Böttiger (Cologne, Germany)

Ask the expert about post-resuscitation outcome predictors in paediatric patients

Speaker: Christoph Menzel (Cologne, Germany)

L

Lecture

10L1 Hot Topics in Critical Emergency Medicine - Last 12 months' top publication

16:30 – 17:15

Chair: Bernd Böttiger (Cologne, Germany)

Hot Topics in Critical Emergency Medicine - Last 12 months' top publication

Speaker: Şule Akin (Adana, Turkey)

Discussion

Sunday, June 5, 2022

P

Panel Discussion

10P1 How to restore and maintain mesenteric perfusion in clinical practice

Session organised by the Abdominal Compartment Society (WSACS)

09:30 – 10:30

Chair: Manu Malbrain (Lovenjoel, Belgium)

Chair: Annika Reintam Blaser (Tartu, Estonia)

Mesenteric hypoperfusion – the balance of fluids, vasoactive and inotropic agents

Speaker: Manu Malbrain (Lovenjoel, Belgium)

Acute mesenteric ischaemia – current status: epidemiology and management

Speaker: Joel Starkopf (Tartu, Estonia)

Abdominal compartment syndrome – how to avoid?

Speaker: Annika Reintam Blaser (Tartu, Estonia)

Discussion

S

Symposium

11:00 – 12:00

10S1 BIG FIVE in resuscitation: what does really improve outcome in 2022?

Chair: Bernd Böttiger (Cologne, Germany)

Lay Resuscitation / Telephone CPR / Recognition of Cardiac Arrest

Speaker: Federico Semeraro (Bologna, Italy)

First Responder Systems

Speaker: Bibiana Metelmann (Greifswald, Germany)

Cardiac Arrest Center (CAC)

Speaker: Joyce Yeung (Birmingham, United Kingdom)

Discussion

D

Pro-Con Debate

14:00 – 15:00

Chair: Ayten Saraçoğlu (Pendik- Istanbul, Turkey)

Pro:

Speaker: Karin Becke (Nürnberg, Germany)

Con:

Speaker: Tom Giedsing Hansen (Odense, Denmark)

Discussion

D

Pro-Con Debate

15:15 – 16:15

10D2 Targeted Temperature Management (TTM): cooling after cardiac arrest. Pro-con

Chair: Bernd Böttiger (Cologne, Germany)

Cooling after cardiac arrest: pro

Speaker: Wilhelm Behringer (Vienna, Austria)

Cooling after cardiac arrest: con

Speaker: Josef Dankiewicz (Lund, Sweden)

Monday, June 6, 2022

P

Panel Discussion

10P2 Prehospital telemedicine and artificial intelligence

08:30 – 09:30

Chair: Giuseppe Ristagno (Milano, Italy)

Experience from Germany

Speaker: Sophie Gozdowsky (Aachen, Germany)

Experience from Denmark

Speaker: Freddy Lippert (Hillerod, Denmark)

Experience from Sweden

Speaker: Sofia Schierbeck (Stockholm, Sweden)

Discussion

S

Symposium

14:00 – 15:00

10S2 Challenges in burn injury and treatment

Chair: Ayten Saraçoğlu (Pendik- Istanbul, Turkey)

Effective pain control in burn patients

Speaker: Alparslan Turan (Cleveland, United States)

Treatment of obese patients with burn injury

Speaker: Daniela Godoroja (Bucharest, Romania)

Outcome parameters in burn patients

Speaker: Caterina Aurilio (Naples, Italy)

Discussion

S

Symposium

15:30 – 16:30

10S3 Oxygen in resuscitation

Chair: Jacob Steinmetz (Copenhagen, Denmark)

Oxygen in trauma

Speaker: Josefine Baekgaard (Copenhagen, Denmark)

Oxygen in cardiac arrest / STEMI

Speaker: Giuseppe Ristagno (Milano, Italy)

Oxygen in other emergency situations and during anaesthesia

Speaker: Jochen Hinkelbein (Cologne, Germany)

Discussion
