

Geriatric Anaesthesiology

Learning track 15

Saturday, June 4, 2022

P

Panel Discussion

11:00 – 12:00

15P1 Long term cognitive outcome, what do we know and what can we do about it?

Chair: Concezione Tommasino (Milan, Italy)

Chair: Aeyal Raz (Haifa, Israel)

Frailty and Postoperative Cognitive Disorder (POCD)

Speaker: Mark Coburn (Bonn, Germany)

Using EEG and biomarkers to predict cognitive outcome

Speaker: Lisbeth Evered (Fitzroy, Australia)

EEG- and biomarker-based strategies to help reducing long term consequences or to evaluate the risk for such outcomes

Speaker: Claudia Spies (Berlin, Germany)

Discussion

ME

Meet-the-Expert

15:15 – 16:00

15ME1 Cardiac arrest in the elderly

Chair: Concezione Tommasino (Milan, Italy)

Cardiac arrest in the elderly

Speaker: Sharon Einav (Jerusalem, Israel)

Discussion

RC

Refresher Course

17:45 – 18:30

15RC1 Brain monitoring in the elderly during general anaesthesia: an update

Chair: Paola Aceto (Rome, Italy)

Brain monitoring in the elderly during general anaesthesia: an update

Speaker: Chiara Robba (Genova, Italy)

Discussion

Sunday, June 5, 2022

PB

Problem-Based
Learning Discussion

15PB1 Anaesthesia in the elderly patient on chronic anticoagulants

**Live attendance is required to participate in this session (limited to max 15 participants).*

11:00 – 11:45

Anaesthesia in the elderly patient on chronic anticoagulants

Facilitator: Sibylle Kietaihl (Vienna, Austria)

LT

Lightning Talk

15LT1 News for the elderly hip fractured patient

17:00 – 18:00

Chair: Mark Coburn (Bonn, Germany)

Surgical timing and outcome

Speaker: Manuel Wenk (Dusseldorf, Germany)

Treating pain before surgery

Speaker: Gianluca Cappelleri (Milan, Italy)

Futile surgery: should we operate all hip fractured patients?

Speaker: Concezione Tommasino (Milan, Italy)

Does type of anaesthesia make a difference?

Speaker: Evangelia Samara (Ioannina, Greece)

Should we look for preop acidosis?

Speaker: Einat Refaeli (Tel Aviv, Israel)

Discussion

Monday, June 6, 2022

L

Lecture

15L1 Procedural sedation for the old and frail

08:30 – 09:15

Chair: Concezione Tommasino (Milan, Italy)

Procedural sedation for the old and frail

Speaker: Anthony Absalom (Groningen, Netherlands)

Discussion

LT

Lightning Talk

15LT2 News for the perioperative management of the elderly patients

14:00 – 15:00

Chair: Finn Radtke ([Nykoebing](#), Denmark)

Frailty score and outcome

Speaker: Paola Aceto (Rome, Italy)

Premedication: benzodiazepines or not?

Speaker: Mark Coburn (Bonn, Germany)

Anticholinergic drugs and neurocognitive outcome

Speaker: Maria Heinrich (Berlin, Germany)

Is Total Intravenous Anaesthesia(TIVA) a good choice for the elderly?

Speaker: Anthony Absalom (Groningen, Netherlands)

Postoperative period: ward, PACU or ICU?

Speaker: Cynthia Olotu (Hamburg, Germany)

Discussion

L

Lecture

15L2 Preventive Postoperative Delirium (POD) strategy in action!

15:30 – 16:15

Chair: Concezione Tommasino (Milan, Italy)

Preventive Postoperative Delirium (POD) strategy in action!

Speaker: Finn Radtke ([Nykoebing](#), Denmark)

Discussion
