

Neuroanaesthesiology

Learning track 06

Saturday, June 4, 2022

S

Symposium

06S1 Unravelling preoperative cognition: biomarkers, EEG, and prevention

Session organised by the British Journal of Anaesthesia (BJA)

14:00 – 15:00

Chair: Hugh Hemmings (New York, United States)

Depth of anaesthesia

Speaker: Kate Leslie (Melbourne, Australia)

Postoperative delirium

Speaker: Lisbeth Evered (Fitzroy, Australia)

Discussion

ME

Meet-the-Expert

06ME1 Near-death experiences and anaesthesia: is there a link?

15:15 – 16:00

Chair: Vincent Bonhomme (Liege, Belgium)

Near-death experiences and anaesthesia: is there a link?

Speaker: Charlotte Martial (Liege, Belgium)

Discussion

Sunday, June 5, 2022

P

Panel Discussion

06P1 Large trials to change neuro patient management - What's new? (TRAIN, VENTIBRAIN, SANDMAN)

09:30 – 10:30

Chair: Chiara Robba (Genova, Italy)

Invasive versus non-invasive measurement of intracranial pressure in brain injury (IMPRESSIT trial)

Speaker: Frank Rasulo (Brescia, Italy)

Mechanical ventilation in brain-injured patients (VENTIBRAIN)

Speaker: Chiara Robba (Genova, Italy)

Sedation in neuro patients (SANDMAN)

Speaker: Giuseppe Citerio (Milan, Italy)

Discussion

Monday, June 6, 2022

ME

Meet-the-Expert

08:30 – 09:15

06ME2 Acute post-craniotomy pain

Chair: Vincent Bonhomme (Liege, Belgium)

Acute post-craniotomy pain

Speaker: Federico Bilotta (Rome, Italy)

Discussion

L

Lecture

09:45 – 10:30

06L1 Do all brains react equally to anaesthetics? A gender perspective...

Chair: Aeyal Raz (Haifa, Israel)

Do all brains react equally to anaesthetics? A gender perspective...

Speaker: Robert Sanders (Madison, United States)

Discussion
